

## GROBY COMMUNITY COLLEGE

*Achieving Excellence Together*

### Are you the Parent/Carer of a Year 10 student?

The transition from High School to Upper School can be just as daunting for parents as it is for children!

**Research has shown conclusively that parental involvement does make a difference to students' engagement and their achievement in school. However, many parents feel ill equipped to cope with the demands of supporting a teenager through this very important period of their education.**

Each year Groby Community College hold discussion forums for parents and carers to support all parties through this process.

The first session will take place here at the college on:

**Wednesday 8<sup>th</sup> October 2014**

**7.00pm ⇨ 8.00pm**

This will cover areas of common interest e.g. the ethos of the college, pastoral support, the curriculum and GCSE examinations. There will be plenty of opportunities to ask questions and decide on future topics for discussion. More information and dates for future meetings can be found on our college calendar available by visiting our college website; [www.grobycoll.com](http://www.grobycoll.com)

If you would be interested in joining us, please return the reply slip to your child's tutor or email Mrs Anderson; [canderson@grobycoll.com](mailto:canderson@grobycoll.com) by Friday 26<sup>th</sup> September 2014.
